

Sounds~Write – progression & pace:

Initial Code – general points:

- Pupils aren't learning if they are getting everything right
- Move on when most children know 75-80% of the code knowledge
- Skills continue to develop throughout the units
- Skills should be perfect or near perfect before moving on to the Extended Code

Extended Code – general points:

- Spend two weeks per sound in general
- May need less time per sound if:
 - The sound is only spelled by a few spellings e.g. /ow/ (<ow> <ou>)
 - Later in the Extended Code, the pupils may have covered many spellings informally
- By the time you introduce /oe/, you should start teaching Polysyllabic level lessons

This document outlines where most schools get to at any given stage. However, there will be some pupils on either end of the continuum who will under- or over-perform the above milestones.
